CARROLL'S

PROVINCIAL PLAN FOR U. F. O.

Convention at Winnipeg Has So Decided.

Present Organization is Satisfactory.

Winnipeg, Jan. 6.—As in the past, the farmers' political movement will be conducted on a Provincial basis. This was unanimously decided upon at a convention here today of representatives of all farmers' associations including the Canadian Council of Agriculture. It was contended by some of the speakers that the farmers' movement should be more centralized, but it was ultimately conceded that as the present political strength of the movement had developed on the basis of organization within the provinces, it would be wise to continue as before, for the time being, at any rate. The resolution was as follows: "Whereas, political action among the organized farmers of the province here represented has been taken in response to the demands formulated in resolutions which were adopted by the provincial associations at their last annual convention; and

"And whereas, whatever political strength that exists at present among the organized farmers has been developed on the basis of organization within the provinces; and

"And whereas, for future action it is necessary to preserve intact that machinery and organization which have already been developed within the provinces;

"Therefore be it resolved that the political activities under the auspices of the organized farmers' movement shall continue for the present to be conducted on the Provincial basis, according to any plans which the existing organizations may see fit to adopt."

URBAN SCHOOL TRUSTEES IN CONVENTION

Ask Delegates From All Over to Broaden Work in Ontario.

THE FEEBLE-MINDED

System of Education at Present in Vogue Under Fire.

Ottawa, Jan. 6.—In order that trustees may learn the best methods by which they can co-operate with teachers, ratepayers and parents to give Ontario children the most complete and suitable education possible, speakers at the first annual meeting of the Urban School Trustees' Association in this city today insisted that representatives of every school board, public or separate, in the cities of the province should send representatives. In the meeting to-day the trustees present from eight cities were unanimous in declaring that the present, the discussion and the exchange of opinions and experiences as to the best methods of dealing with mentally defective children, in the interest of the normal as well as the sub-normal children and the community had been of inestimable value to themselves.

JUVENILE COURTS

Trustees from several cities where juvenile courts and detention homes are not yet established, but on their return they would agitate in every way possible for the provision of these institutions. After hearing Mr. R. H. Hamilton, of Ottawa, speak on "Feeble-minded Children," the committee was also instructed to bring in resolutions asking the Provincial Government to encourage institutions to give good training to hand and eye in industrial pursuits which would never absorb the ordinary scholastic education or even learn to read and write. Because Mr. Hamilton said that immigration produced the major part of the feeble-minded problem, ninety per cent. of the present defective children could be met by the province. As a result of the inspection of the institutions, the committee was also instructed to bring in resolutions asking the Provincial Government to encourage institutions to give good training to hand and eye in industrial pursuits which would never absorb the ordinary scholastic education or even learn to read and write.

It was asserted and generally agreed that trustees should keep their eyes open to the influence in the community which help or retard the work of the schools, and take action beyond the scope of their routine duties. Some attention was paid to the prevalence of venereal diseases, which, it was hoped, Federal and Provincial health departments by co-operation would be able to fight adequately.

CRITICISM OF COURTS

This led Mr. C. P. Swartz, of Niagara Falls, to say: "They tell you that the courts of justice in this country are clear and without blemish. I doubt if the doctrine of the prince of Peace are carried out by the judges of this country. The most miserable thing in the world is to see a boy or girl in the hands of a great bluecoat, whose money depends on the number of convictions he can make, whether right or wrong."

Mr. Swartz gave an address on "Education of the Poor Man's Child," pointing out that public schools and high schools the educational system was designed for the poor man's child, who expected to go through University to some profession or calling, and then to get a good job. He stated the system of education was Prussian in that it marched the children through an education in platoon, making no distinction for natural ability in one way or another, and not allowing the teachers to do otherwise.

Winnipeg, Jan. 6.—Financial assistance to the amount of \$10,000 will be advanced disabled, returned men who are desirous of establishing themselves in a legitimate business according to a wire received by the District Vocational Office here from J. A. Calder, Ottawa, today.

Prediction was made in official circles that the grant would in time be extended to take in all discharging cases of this kind of returned men, equalizing the assistance given to city men and to those from the land.

ers enough initiative. This led Mr. W. Philip of Galt to state that it was "up to the trustees" to see that the right kind of education was given, and that they must adopt better business methods to see that the objects for which they were elected were secured.

OPEN AIR PLAY

The chief speaker at the opening session was Dr. J. H. Putnam, who made a strong appeal for more open air play in the schools of Ontario. A strong appeal followed the suggestion was made by Mr. F. N. Rutherford, of St. Catharines, that the Department of Education should be prevailed upon through the association to provide for inspection of private schools. Mrs. Ada Courtin and Mr. J. N. Macdonald, of the local institutions, referred in eulogistic terms to their work, while Dr. John Hunter, Toronto, and Mr. W. S. Groves, expressed the opinion that nothing would be lost by initiating an inspection of such educational institutions as at present were not under the control of the Department.

The delegates registered, followed Dr. John Hunter, Toronto, Dr. J. H. Putnam, Galt, and Mr. W. S. Groves, all of Toronto; Rev. John Hall-Sarnia; J. W. S. Groves, Hamilton; Dr. J. H. Putnam, Galt; J. REFUSE EXPORT OF PRINT PAPER

Order-in-Council Gives Controller the Power.

Can Seize Paper and Supply Publishers.

Ottawa, Jan. 6.—The Minister of Customs is empowered under an order-in-council, signed today by the federal government, to refuse to issue permits for the export of newspaper paper from Canada, the product of any mill which has refused or is refusing to comply with any order of the Controller of Paper, R. A. Pringle, K.C.

Another order-in-council gives the Paper Controller power to require any publisher of a Canadian newspaper to supply any quantity of newspaper paper which any manufacturer has refused, ordered, or failed to deliver to such publisher, at the order of the Paper Controller. The controller is given the right to enter any premises and call upon any sheriff or peace officer to assist him in taking over the paper in question, "in whose possession same may be found." The manufacturer shall be entitled to compensation at the rate which would have been payable to him by the publisher had not the paper been requisitioned, such price being fixed by the Paper Controller.

The penalty for non-compliance with any order of the controller is fixed at \$500 per day for a period of not exceeding ten days.

LARGE STILL

NEAR GRIMSBY

Collector Baby and Local Officers Made a Good Capture.

90-GALLON CAPACITY

Charles J. Crooks Fined \$300 by Grimsby Magistrate.

Collector of Inland Revenue W. A. D. Baby, of this city; License Inspector James Sturdy, and High Constable Clark, of Dundas, have just unearthed what they believe to be the biggest illicit still ever seized in Ontario. These three officers, accompanied by Chief of Police Konkle, of Grimsby, yesterday visited the farm of Charles J. Crooks, three miles east of Grimsby village, in the township of Clinton, and found buried in the hayrack of his barn an enormous distilling outfit, all complete and ready to be set up and started to work.

The still has a capacity of turning out close to ninety gallons of "moonshine" every twenty-four hours. Crooks for years has been a manufacturer of apple cider, apple butter and other fruit products, and has on his place a large steam-heated boiler for running this apparatus. The inspectors believe the still was also to be connected with the boiler. The farm where the outfit was found would be an ideal one for such a purpose, as it was on a plateau right under the brow of the mountain, cannot be seen from the highway, and was sheltered by mountain walls. The nearest neighbors on the other side are half a mile away.

Crooks was taken to Grimsby and appeared before Justices of the Peace Livingstone and Anderson, and pleaded guilty to the charge of having the still on his premises. He was fined \$300, with costs, and ordered to pay the balance of his fine in installments. Crooks has a long record, and has been a good reputation. As he is at present in somewhat straitened circumstances, the justice, looking somewhat leniently on his case and the small size of the still, ordered him to pay the balance of his fine in installments. One gallon can filled with fluid that was analyzed and found to be pure. Nothing from carboic acid to champagne were also found on the premises. This is the second still that has been located by the revenue officers in this locality in the last four months.

The delegates registered, followed Dr. John Hunter, Toronto, Dr. J. H. Putnam, Galt, and Mr. W. S. Groves, all of Toronto; Rev. John Hall-Sarnia; J. W. S. Groves, Hamilton; Dr. J. H. Putnam, Galt; J. N. Macdonald, Kitchener; Frank Springer, Welland; C. F. Rutherford, St. Catharines; Arthur C. Brunell, Brantford; W. S. Groves, Stratford; W. S. Groves, Hamilton; J. H. Putnam, Galt; J. N. Ottawa was represented by Trustees Hamilton, Kirby, Hill and Galt. The meeting will close tomorrow.

FEDERAL EMERGENCY APPROPRIATION

Notice to Applicants and Employers

The Canadian Patriotic Fund, which has been entrusted with the distribution of the Fund provided by Parliament for the assistance of certain classes of men who have served in the late war, wishes to bring to the attention of intending applicants for assistance some important points, which must be kept in mind by them, and at the same time to bespeak from the employers of labor the loyal assistance which is essential to the fair and beneficial carrying out of the purpose intended.

(1) The fund is to be used, except under very special circumstances, only for the assistance of men who have served Overseas and are now, without fault of their own, out of employment.

(2) A man who has not served Overseas must show some very special reason before any assistance can be given to him.

(3) So also a man who has work, or can get work, will not be given any assistance unless he can give clear proof that by reason of special expenses or burdens, his earnings or expected earnings, ought to be supplemented out of the Fund.

(4) The man who refuses a job which is reasonably suitable for him, and the man who willfully quits his job and registers as unemployed, is to get no assistance.

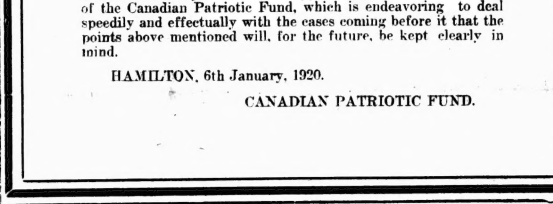

(5) Employers of Labor are urged to make use of the Department of Soldiers' Civil Re-establishment, 85 James street north, as a **Clearing House**: to report there forthwith the names of men quitting employment; to give notice there of positions or jobs available; and, above all, to apply there on every possible opportunity for men required in any branch of industry. It is in the interest of all parties that the soldiers should receive suitable employment instead of assistance. Those, therefore, who are in need of labor of any kind are urged to communicate with The Information and Service Branch, D.S.C.R., at 85 James street north, telephone Regent 1877, so that they will be in a position to distribute positions instead of certificates for unemployment.

Unauthorized and inaccurate statements as to the scope of the relief intended, which have appeared in the Press, have caused much unnecessary work and disappointment, and it is the hope of the Canadian Patriotic Fund, which is endeavoring to deal speedily and effectually with the cases coming before it that the points above mentioned will, for the future, be kept clearly in mind.

Music AND Drama

"Naytime," the exceptionally popular entertainment which the Messrs. Bennett are presenting at the Grand Opera House, Friday and Saturday, Jan. 6th and 7th, differs so radically in both theme and treatment from the conventional musical comedy as to mark a distinct innovation in stage entertainment. The "Naytime" with music is exact, for it is a dramatic narrative embellished with auxiliary music which enhances the dramatic effect. The story is taken from the life of a young artist who, after a long and arduous struggle, finally achieves success. The story opens in a Washington Square, where, in 1840, proceeding through the years for three quarters of a century. The last act of the four acts, or episodes, shows a happy culmination in the lives of the grandchildren of the romance of the ancestors, blighted two generations before by parental opposition. The intermediate acts present striking pictures of New York life in widely different periods, the salient characteristics of each of the era being reproduced. The story is told by the young artist, who, with his customary popularity, has provided an excellent running commentary on the events of the drama. A matinee performance will be given on Saturday.

More Results of the Municipal Elections of Monday.

TOSS COIN FOR SEAT

Many Improvement By laws Carried in the Balloting.

Cobalt, Jan. 6.—In the municipal elections throughout the district of Timiskaming the liquor men and liquor advocates in general were all well down to defeat yesterday.

Notable instances of this was the defeat of James Hyland in Cobalt's Mayoralty contest, and the defeat of J. E. Cook in his fight for the Township of Tisdale township at Porcupine.

In a town with a population estimated at about six thousand, James Hyland, Secretary of the Cobalt branch of the Liquor League and the organizer of the league, received a total of only 20 votes in Cobalt's Mayoralty contest in which Donald MacEachran was elected by a large majority.

In the Tisdale township elections at Porcupine, J. E. Cook, an avowed supporter of the liquor traffic in a field that seemed certain to support him, actually went down to defeat, the new Reeve being Charles Callaghan.

WHY MAJORITY WAS SMALL.
Cobalt, Jan. 6.—Returns of voting on the Hydro-radial by-law in North Dumfries township, complete this morning, give a majority of 15, or 65 against 65.

The small majority is accounted for by opposition of the district in the vicinity of Ayr, where the vote was 5 to 26 against the by-law, all other polls giving a majority.

THE OPPOSITION IN THE VICINITY OF Ayr, it is learned, was due to the fact that the electors believed the sum stipulated in the by-law would have to be paid over in cash, instead of being a guarantee.
